

europplan

flip table system

Designed to simply save
you space and effort

www.europplan.co.nz

a product of Europlan

lift flip & shift!

- Europlan's flip table is a versatile system which can be easily folded, moved and nested to save room space.
- flip can be easily expanded and folded by one person, requiring minimal effort.
- flip's folding top is easily released by pulling the handle and comes with a durable leg system.
- The twin wheel lockable castors make it effortless to move and store until it is needed.

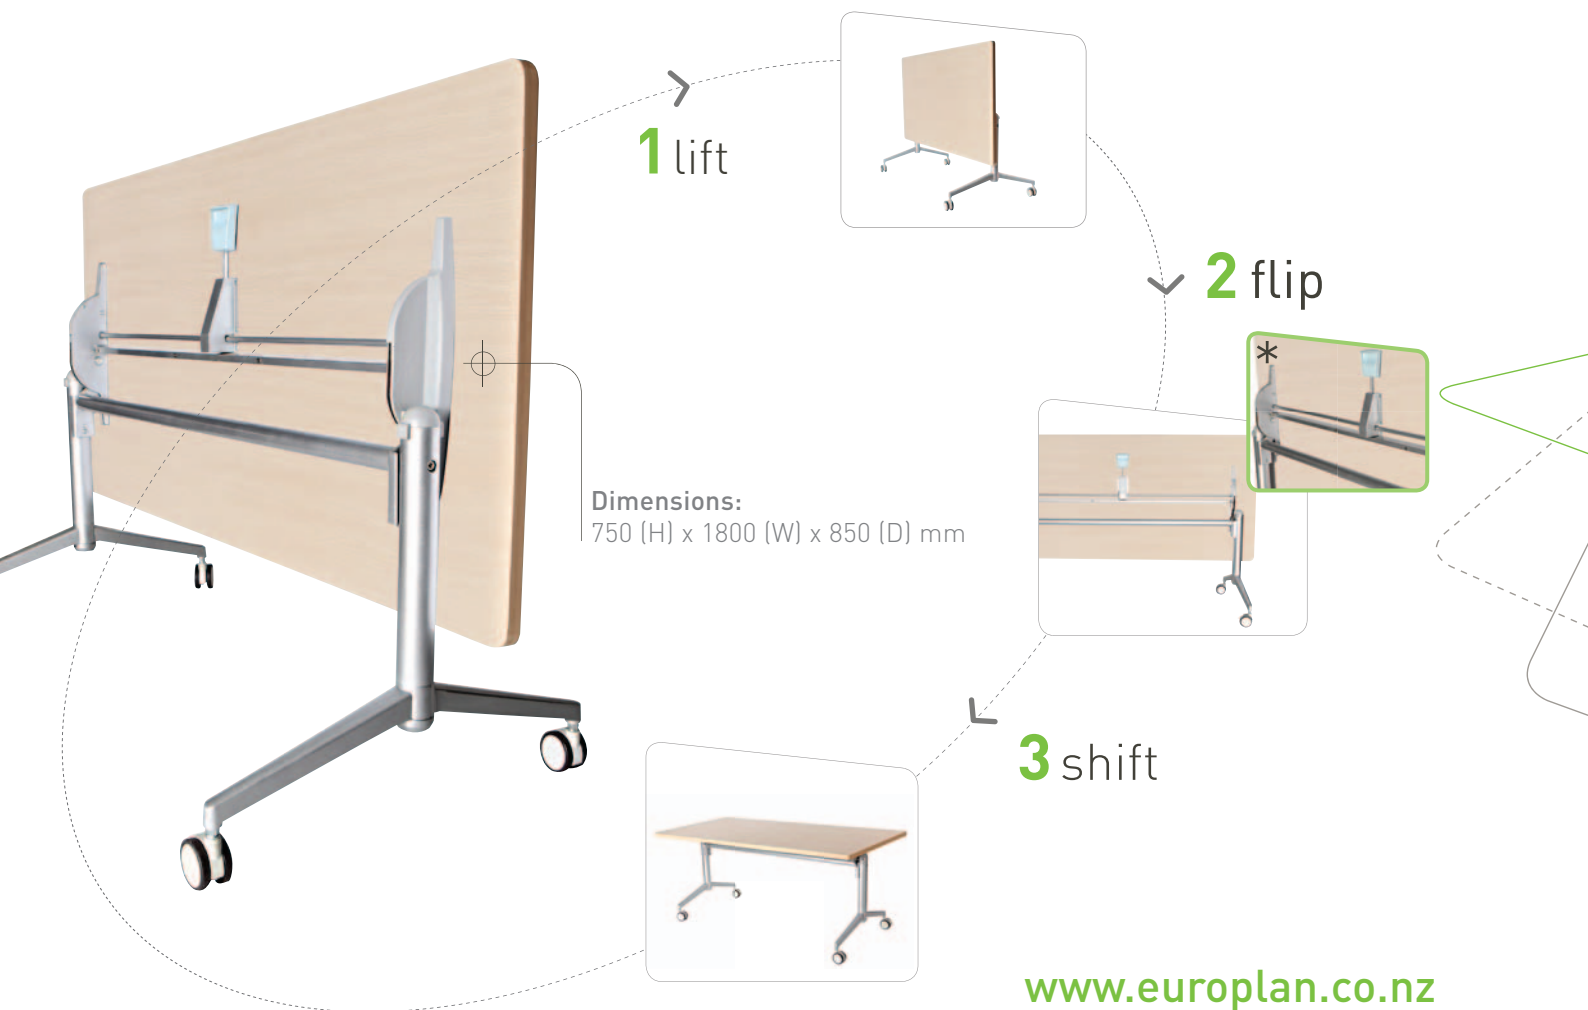

options

Standard imported colours are:

 Oak*

 White*

*These colours are as close to actual as printing process allows.
